Fibo AS are pleased to inform you that, to the very best of our knowledge, Fibo Wall Panels meets all the set requirements of REACH.

Fibos Wall Panels's main raw materials when sold are in solid states (High Pressure Laminate, Plywood, Backing, Adhesive & Hardener) and are not included in REACH according to the current legislation and do not need to be registered. Substances of very high concern are not present in these articles/materials on a concentration level ($>0,1$ w-%) that would require communication to our customers or to ECHA. The substances listed in annexes XIV and XVII are not used in Fibo Wall Panels.

A handwritten signature in blue ink that reads "Martin Prytz".

Martin Prytz,
