

VITO WALL PANEL
DRY ROOM ONLY

Vito Wall Panel: Affordable style in dry room areas

COST-EFFECTIVE WOOD FIBER BOARDS

The Vito Wood Fiber Panel is a decorative wall panel designed for use in dry areas, providing a cost-effective solution for projects where budget is a key consideration.

DECORATIVE APPEARANCE SUITABLE IN DRY AREAS

One of the main advantages of Vito Wall Panel is its decorative appearance, adding a touch of elegance to any room.

These wood fiber boards can be installed directly onto studs, making installation simple. This allows you to achieve a stylish and seamless look with minimal effort.

Vito Wall Panel is suitable for all dry areas, such as living rooms, hallways, bedrooms, kitchens, and laundry rooms.
